When writing the past tense you need:-

**STEM + ENDING = PAST TENSE**

### Getting the stem

If words end in **A, I, O, U, EG or ED** we remove the letters e.g.

**Cerdded ( to walk) = cerdded = cerdd**

We then have to add something to the part that's left to form the past tense. Today we are just going to add the ending we need when we talk about something we've done ourselves e.g

**Cerdd + ais i = cerddais i - I walked**

What would you take off the following words?

gwylio

nofio

dawnsio

cysgu

codi

bwyta

yfed

gwisgo

rhedeg
